Many countries want to host international sports event, because it is very beneficial. Do you agree?

Write 150-200 words

Remember to:

- make an introduction
- explain your opinion
- make a conclusion

Some people think that international sports events are very beneficial and popular. They believe that events are beautiful and help to have a good reputation for a city and country.

I can say I agree with this idea. In my opinion, sports events are very important for country and people who live in this country. Firstly, they really help to have a respect from foreigners and foreign countries. Secondly, they improve the mood of many people. Thirdly, it is good money for a country. Often tickets are very expensive in different events.

But not all people think like me. They believe sports events are the big waste of money for country. Some people don't like foreigners. That's why they don't support some events. Also prices ^{over} ~~begin~~ higher than it was before for some products, things, transport. People don't like it.

In conclusion I can say that different international events, holidays are very good and interesting. They show for people the culture of different countries. I think it's wonderful. I like this idea and I would want to visit similar events.
